

Hello, I'm Xolani Victory

Frontend Web Developer

Innovative, eccentric and adaptable web developer with strong communication, problem-solving, and time management skills. Detail-oriented software architect looking for an opportunity to leverage full-stack coding proficiencies, an exceptional aesthetic eye, and grow as a professional programmer.

PROJECTS

★ CTRL-ALT-Divas

Co-Developer

A 2D auto-runner game with characters inspired by the developers. Players help characters gain points and eradicate bugs while utilizing character abilities to strive for top 10 player status on the leaderboard.

Feb '24 - Mar '24

★ SEVENTEEN: Right Here

Developer

An informational fan page for South Korean pop group, SEVENTEEN. Includes all of the group's information— such as awards, member profiles, discography, etc— and a "fanclub" so fans can interact amongst one another.
